

Support the Magic of Play

HELP BUILD A PLAYGROUND... AND HEALTHY KIDS!

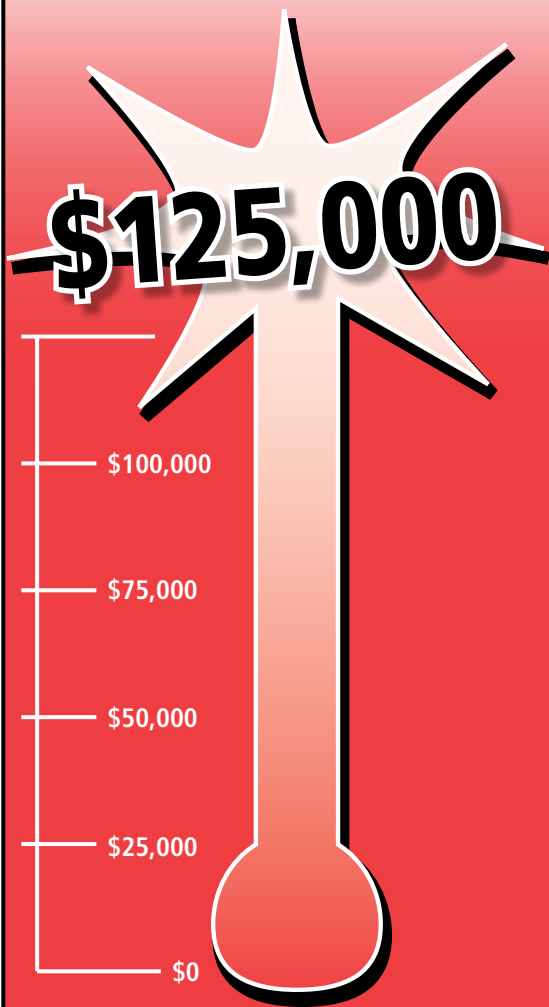

Help us meet our goal of **\$125,000** to build our new playground!

THE YMCA OF BURLINGTON COUNTY NEEDS YOUR HELP TO MAKE OUR NEW PLAYGROUND A REALITY.

Since June 1991, our playground has promoted healthy activity and play for the children of our member families and those in our child care programs. The playground has reached its life expectancy and no longer complies with state licensing specifications. Your help is needed to be sure we can build an exciting, new place for children to play for years to come.

The playground is a key component of our YMCA curriculum and programming. It provides the ultimate opportunity for children to establish the foundation for an active, healthy lifestyle. There is substantial research showing the clear link between play and brain development, motor-skills and social capabilities. Many types of learning are accelerated, facilitated and fueled by the pleasure of play. Playground activities also help release energy, break away from the routine of the day and have unstructured fun!

We are calling on current and former child care families, Y members and staff, and the community to help with our campaign goal of \$125,000. These funds will enable us to install and maintain a state of the art playground that will benefit all children who belong to the YMCA.
